## DETAILED ACTION

### *Election/Restrictions*

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1 - 4, drawn to a compound and method of making the compound.

Group II, claim 11, drawn to a method for making a compound.

Group III, claims 12 - 13, drawn to a fatty acid and method of making the fatty acid.

Group IV, claims 14 and 16, drawn to a fungal strain and method of fermenting the fungal strain.

Group V, claims 15 and 17, drawn to a fungal strain and method of fermenting the fungal strain.

Group VI, claims 18 - 19, drawn to a method of treating patient in need of a cytokine inhibitor.

Group VII, claims 20 - 24, drawn to a method for treating a condition requiring immunosuppression.

2. The inventions listed as Groups I - VII do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The inventions above do not contain a special technical feature which contributes over the art. They are drawn to different compounds, fungal strains and methods of treatment which are not necessarily connected, have different design, function and/or effects. One would not have to practice all of the inventions to just practice one alone.

Art Unit: 1651

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

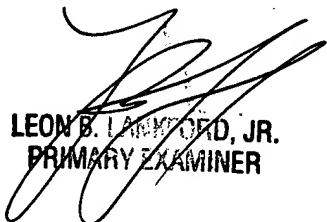

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
